

A Journey Into the Cosmos

Join Colonel Chris Hadfield – acclaimed astronaut, test pilot, spaceship commander, and best-selling author – for a captivating journey beyond our planet to the universe. Drawing from his three spaceflights, Chris will share gripping personal stories of joy and great danger, insights into cutting-edge space technologies, and his unique perspective on where we are in human history. Chris will present rare space imagery of Earth, the Moon, Mars, and beyond, in an awe-inspiring exploration of discovery in space. Don't miss this exclusive opportunity, where you'll have the chance to engage with Chris directly, ask your own questions, and even enjoy a live music performance.
