

Sean McLoughlin: White Elephant

Acclaimed UK comedian Sean McLoughlin is back in Vienna with a sensational new stand-up show about getting on, getting lost and getting the feeling he might be useless forever. An evening of top-class comedy from a thoroughly mediocre man.

As seen on Live At The Apollo and opening for Ricky Gervais on his international tour.

"Masterclass in imagination and wordplay, shows observational comedy can reach into thrilling places" (The List)

"An excellent and imaginative stand-up" (The Scotsman)

"A hugely accomplished hour of stand-up" (Time Out)
